

The Cottage Stone® Wall

Combining functionality, performance and appeal, Cottage Stone® is perfect for terraced gardens, tree rings or low retaining walls. The unique patented design makes it easy to create curves and shapes and also saves time by eliminating the need for leveling courses. Once the first course has been properly installed, there is no need to worry about block position, as a rear lip on the bottom of each Cottage Stone unit ensures exact alignment. This makes Cottage Stone one the most simple and effective solutions for enhancing any outdoor living space.
